Meeting called by: Jennifer Volk, Chair

AGENDA ITEMS

Call to order, Welcome, Introductions

Announcements

Old Business

Model White Paper Update *Jenn Volk, UD*

New Business

Vice-Chair and Secretary Positions

Project WiCCED..... *Holly Michael and Leah Palm-Forester, UD*

Holly Michael (UD) and Leah Palm-Forster (UD) will share information about Project WiCCED (Water in the Changing Coastal Environment of Delaware), a multi-institution project funded by the National Science Foundation and the State of Delaware. This project aims to assess major threats to Delaware's water quality and develop viable technological and policy solutions for meeting the challenges imposed by them. Partner institutions include the University of Delaware, Delaware State University, Delaware Technical Community College, and Wesley College.

Draft Revised CCMP *Michelle Schmidt, CIB*

CCMP Update; Overview of STAC Comments Received; EPA Comments (timeframes, performance measures, key milestones); facilitated group discussion of STAC Lead and Support actions

Environmental Monitoring Plan Update *Marianne Walch, CIB*

The STAC will revisit the EMP every two years, consistent with updating the State of Delaware Integrated 303d/305b report. We will review the inventory of current monitoring programs, new programs, and changes to programs and progress on the recommendations contained within the plan.
