

FY23 NEPORT

Deadline to submit information is September 15, 2023

Deadline to submit BIL information is September 29, 2023

Habitat Reporting: Habitat protection and restoration projects completed during the current federal fiscal year.

Leveraging Reporting: Financial or in-kind services that the NEP Director and staff had some role in directing towards CCMP implementation. Leveraged resources include resources administered by the NEP or NEP Partners.

- Wrote a grant proposal to fund implementation
- Convened a workgroup or organized meetings that lead to actions that funded CCMP implementation
- Received funds from partners based on ability to execute work (preferred contractor)
- Non-habitat projects such as stormwater management projects

FY22 Results

Habitat

- 15 projects
- 393 acres
- \$4,934,927
- Majority of projects were acquisition and ag easements

Leveraging

- \$30,032,702

Leveraging
