Delaware Center for the Inland Bays Green Screen on April 10

SELBYVILLE, DE – The Delaware Center for the Inland Bays invites the community to its annual Green Screen event, a night of film, food, and conversation centered around the environment on April 10th at Signatures Bayside in Selbyville.

Along with the film screening, attendees will enjoy appetizers and fresh local oysters from Nancy James Oyster, a complimentary beer from Dewey Beer Co., a cash bar, raffles, and a Q&A and discussion about the film and the Center's oyster reef project.

"We are thrilled to bring back Green Screen and spotlight the importance of oysters in our waters," said Mark Carter, Director of Development at the Delaware Center for the Inland Bays. "This film is an eye-opening look at how these incredible creatures help restore our Bays, and we can't wait to share it with the community."

Tickets for Green Screen 2025 are available now at:

<https://www.ticketsignup.io/TicketEvent/GreenScreenFilmNight> or at inlandbays.org

This event would not be possible without the generous support of our sponsors:

Accent on Travel, Ashton Pools by Design, Carl M. Freeman Foundation, Patti Drago and Rich Weissmann, and Annie Powell, Coldwell Banker Realty.

About the Delaware Center for the Inland Bays

The Delaware Center for the Inland Bays is a nonprofit organization dedicated to preserving, protecting, and restoring Delaware's Inland Bays—Rehoboth Bay, Indian River Bay, and Little Assawoman Bay—and their watersheds. The Center works through scientific research, education, and advocacy to ensure these vital ecosystems thrive for future generations. More information can be found at inlandbays.org.
